### • Overview of 3-Day FDP:

The basic human aspiration is continuity of happiness and prosperity. This is facilitated and ensured through human society. To ensure human society, it is essential to have an understanding of the basic reality. That is, understanding:

1. Oneself.
2. Other human being as well as the rest of nature/existence.
3. One's living with other human beings as well as living with rest of nature/existence ensuring.
  - a. Mutual happiness (justice) in behaviour with human being and.
  - b. Mutual prosperity in work with rest of nature.

This orientation program is a set of proposals about this basic human reality. These proposals follow the four guidelines, indicated below:

- **Universal:** Whatever is proposed needs to be universally applicable to all human beings and be true at all times and all places. It should not depend on sect, creed, nationality, race, gender, etc.
- **Rational:** The content should be amenable to logical reasoning, not be based on blind beliefs.

- **Verifiable:** The participant should be able to verify the values by checking with one's own experience, and is not asked to believe just because it is stated in the course.
- **Leading to Harmony:** Values have to enable one to live in peace and harmony within oneself as well as with others (human being and rest of nature).
