## Motivational Workshop

### Details of the Expert...

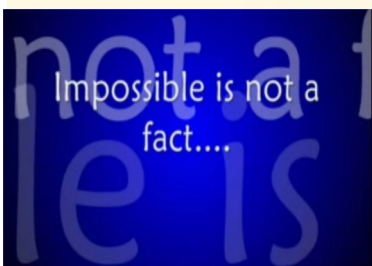

#### Name:

Mr. Viki M. Modi  
Communication Skills &  
Personality Development

#### Theme:

### Glimpses

The purpose to arrange motivational workshop for staff is to prepare them about their professional life. To fulfill this aim we invited Miss Gangotriben. She delivered her precious lecture and that time the staff were listened very keenly.

Miss Gangotriben delivered her talk in three sessions. The staff were very enthusiastic to listen her.

The expert used many real life cases to address the staff and motivated them to lead a life in a proper direction. She discussed the relevance of the several incidents which act as an accelerating force in the development and growth of an individual.

She motivated the staff by sharing that any individual can excel in the field with the inner strength irrespective of

any odds in a person's life.

Staff members posed some important questions and discussed with the speaker. It was a great experience to witness the staff interacting with the speaker.

We are sincerely indebted to the expert to accept the invitation and deliver a motivational talk to the students.
