

Civil Engineering
Department

18TH JULY 2018

SMT. S. R. PATEL ENGINEERING COLLEGE

Workshop Report

Workshop on model of cantilever retaining wall

Objectives:

The main objective of the workshop was:

- i.) To understand the 3D structure of Cantilever Retaining Wall
- ii.) To understand the Work of Cantilever Retaining Wall
- iii.) To understand the Reinforcement detailing of Cantilever Retaining Wall

Expert:

Prof. Nikhil Kumar Mehta
Asst. Prof.
Smt. S.R.Patel Engineering College, Dabhi

Workshop

co-coordinator:

Prof. Nikhil Kumar Mehta
Civil Engineering Department, SRPEC.

Summary:

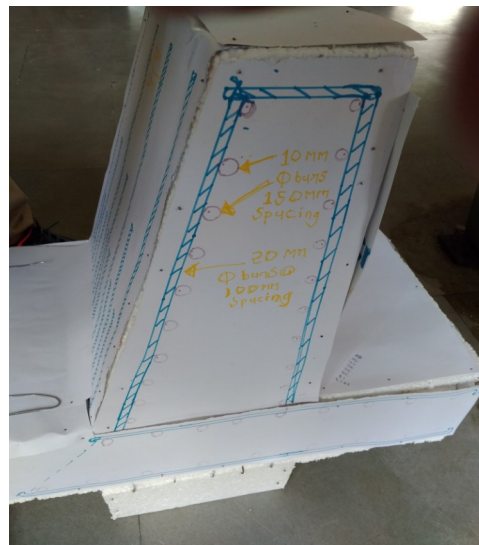

workshop for 7th semester (Civil Engineering) students have been accomplished at Smt. S.R.Patel Engineering College, Dabhi on 18th July 2018.

The main objective of the workshop was: To understand the how the reinforcement are provided in Cantilever

Retaining Wall and To understand the various components of Cantilever Retaining Wall

MODEL OF CANTILEVER RETAINING WALL:

workshop Participants:

54 students of B.E., 7th semester (Dept. of Civil Engineering)
