

Visit Date: 12<sup>th</sup> Sept, 2014

10:00 A.M. to 2:30 P.M.

## Industrial Visit Civil-5<sup>th</sup> Sem.

### Objective of Visit:

- To get practical exposure about measuring the river discharges and learn about importance of hydrological data in construction of any water structures.

### *Visit to State Water Data Center, Gandhinagar*

All the students from 5<sup>th</sup> Civil **Engineering** of Smt. S. R. Patel Engineering College Dabhi, Unjha along with 2 faculty members and one lab assistant went to industrial visit to State water data center, Gandhinagar on 12<sup>th</sup> Sept, 2014. Total **62 students** along with the faculties reached their destination at 09:30 A.M.

In the visit they had seen Narmada main canal Syphon and escape and got brief understanding of construction of both the structures. Then after they visited state water data center, where they got practical knowledge about how to measure river water discharge, and different meteorological data counting through various meteorological instruments.

**Narmada Main canal Syphon and escape**

This type of industrial visit will be helpful for students for choosing best courses for their future up gradation of courses.

### *Faculty in-Charge*
