

# International Women's Day Celebration

## Library & Knowledge Center

Smt. S. R. Patel Engineering College with the Library and Knowledge Center under the guidance of Dr. Mahesh Solanki celebrated the "International Women's Day" on 08th March, 2017. All the SRPEC lady staff together at the library and they delivered their views on that particular day. Dr. Solanki felicitated all the lady staffs and gave precious gifts of books. International Women's Day (March 8) is a

global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. International Women's Day (IWD) has been observed since in the early 1900's - a time of great expansion and turbulence in the industrialized world that saw booming population growth and the rise of radical ideologies. International Women's Day is a collective day of global celebration and a call for gender parity. No one government, NGO, charity, corporation, academic institution, women's network or media hub is solely responsible for International Women's Day. Many organizations declare an annual IWD theme that supports their specific agenda or cause, and some of these are adopted more widely with relevance than others.
