Smt. S. R. PATEL
ENGINEERING COLLEGE

THALASSEMIA & Hb TEST

A Report on the Thalassemia & Hemoglobin (Hb) Count Test

A special camp was organized at Smt. S. R. Patel Engineering College, Dabhi-Unjha on 9th October, 2012 for Thalassemia and Hb-count test of all the girl students and the female staffs of the college. The camp was totally free of cost for them. The camp was organized in association with Rotary Club, Visnagar. The Indian Red-Cross Society—Ahmedabad was specially invited for collection of blood samples for testing. The total testing charge was completely provided by College Manage-

Against Thalassemia and Hb Count**

ment. Prior to the organization of Thalassemia camp. The girl students were made aware about Thalassemia, its type and the effect of this blood—disorder in our life. The importance of Thalassemia testing was also elaborated as it is the only measure of preventing spreading of this disorder. An informative documentary was also shown to the girl-students on the day before the testing and during the camp. A counseling was provided by the

Principal and senior lady-staff members regarding the awareness among the girls related to their health issues and particularly about the importance of Thalassemia and Hemoglobin count in the blood. A large number of girl students were present during the camp for getting their blood tested. Total number of 168 girls of various branches and semester and 9 female college staff provided their blood samples for testing. The whole event was well organized and controlled by the lady-faculties of the college and the Social-Accountability Club 'Yogdaan'. The camp was another evidence of the commendable efforts done by the college for all round development of their students and staffs and taking up regular measures of social cause.

Collection of Blood Sample for Thalassemia and Hb Count Testing
