THALASSAEMIA TEST

A Report on the Thalassaemia Test

A special camp was organized at Smt. S. R. Patel Engineering College, Dabhi-Unjha on 25th September 2019 (Wednesday) for Thalassaemia Test of all the First Semester students and D2D students of the college. The camp was totally free of cost for them. The Indian Red-Cross Society—Ahmedabad was specially invited for collection of blood samples for testing. The total testing charge was completely provided by College Management. All the First se-

Blood Sample Testing

College Students Gathered for Blood Testing Against Thalassaemia and Hb Count

mester students and D2D students were made aware about Thalassaemia, its type and the effect of this blood—disorder in our life. The importance of Thalassaemia testing was also elaborated as it is the only measure of preventing spreading of this disorder. An informative documentary was also shown to the students on the day before the testing and during the camp. A

counseling was provided by the Principal and senior members regarding the awareness related to their health issues and particularly about the importance of Thalassemia in the blood. A large number of students were present during the camp for getting their blood tested. Total number of 61 students of various branches of First semester and D2D students provided their blood samples for testing. The whole event was well organized and controlled by the faculty of the college. The camp was another evidence of the commendable efforts done by the college for all round development of their students and staffs and taking up regular measures of social cause.
