### Youth Shibir

We started one initiation for 3rd Sem students in terms of “Youth Shibir”. The youth shibir was organized during 15th July 2019 to 20th July 2019. With crazy excitement the 46 youngsters joined this shibir to learn the lesson of life. The entire youth shibir coordinated by Principal Dr. Ami H. Shah. We have also invited Shri Harshadbhai to lead the Shibir and he had performed his role as real mentor of those all students.

### Robotics Workshop

Robotics Workshop organized for first semester students on 17th July 2019. All the new entrants enthusiastically participated in workshop. The main aim of the workshop is to give fundamental knowledge of the future requirement of industry automation and teach them basics of engineering.

### Solar Workshop

Solar Workshop organized for first semester students on 22nd July 2019. Prof. Prakash Mistry coordinated the workshop and took the hands on session. All the group of students followed the instructions and made the working solar cooker. They have also experimented on sun light. The main aim of the workshop was to make aware the students about the present requirement of the Solar System.

### Basics of Electronics Workshop

Basics of Electronics Workshop organized for first semester students on 23rd July 2019. Prof. J R Patel coordinated the workshop and took the hands on session. The main of the workshop was to give fundamental knowledge of the electronics and power system.

### Industrial Automation Workshop

Industrial Automation workshop was organized during 22nd to 24th July 2019 for Mechanical Engineering students. The expert invited from Embed Tech. Total 38 students participated in workshop. The idea of organizing this workshop is to inculcate the basic fundamentals of automation in the students and provide them with a platform to work on it.

## Tree Plantation

Tree Plantation "Vasundhara" program was organized for first sem new entrants. They planted many trees inside and outside the campus. Before tree plantation one of our environment faculty taught them the importance of tree and what trees can do for us. Each Group of students planted a tree and took a oath that they will take care of it till four years of studying in the engineering.

## Gurupurnima Celebration

The 3rd sem students organized the program to celebrate first time in the college. Their one of the visionary initiation achieved the grand success. All the students of college together at auditorium hall and there as per schedule four to five students delivered inspiring speech about the importance of GURU in our life. One of the students presented his own poetry on GURU. Games also arranged by the group of students for faculty members. At the end they gave on complimentary copy of book as token of love.
