NCIET 2018

We organize National Conference Innovation & Emerging Technology on 19th May 2018. The Objective of Conference is to bring Professional engineers, academicians and research scholars of matching interest on a common platform to share new ideas, experiences and knowledge in various fields of engineering and technology. Such interaction will facilitate better understanding to overcome the challenges.

Technical Teachers Training Program (TTTP)

The institute organized Two Weeks Technical Teachers' Training Program on “Emphasizing Morals, Values, Duties, Ethics and Character Education for Quality Teacher” during 4th June to 14th June 2018. The main aim to organize the TTTP is to develop Moral values, Ethics, Behavioral sciences and attitude are essential for positive human behavior. Education from time immemorial has focused on values. For enriching the fruitfully nears of this TTTP out of two weeks 3 days sessions are arranged in the natural environment at “Kailash Gurukul” – Mahuva. During these days prestigious speakers were invited for taking a session.

Expert Lecture

Computer Engineering Department organized expert lecture for 7th Sem students on 26th June 2018. Mr. Vijay Patel from Zorens Infotech Pvt. Ltd. was invited for lecture. He was delivered lecture on PHP, YII, BOOTSTRAP, Python etc. Total 52 students took a benefit of the lecture. The objective of the lecture was Zorens Multiversity has been working to reevaluate students skills towards Information and Technology and specially industry working style.

Expert Lecture

Computer Engineering Department organized expert lecture for 7th Sem students on 27th June 2018. Ms. Nai Poojaben from Prakshal Infotech Pvt. Ltd. was invited for lecture. She was delivered lecture on Installation of Laravel framework php, Making Auth, Managing Register and Login Module, Use of Database connection. Total 48 students took a benefit of the lecture. Main objective of this session is to aware student on live project training and choose best definition for development and enhance their knowledge in IT field.

Industrial Visit

Civil Engineering Department organized Industrial Visit at Sardar Sarovar Dam for 7th Semester students on 27th June 2018. The main objective of the industrial visit was: The main objective of the Industrial visit to have exposure of basic civil engineering constructions and their functioning. Total 44 students were visited the Dam with Prof. H V Patel from Civil Department.

Industrial Visit

Civil Engineering Department organized Industrial Visit at Building Construction Site, RMC Plant and Bridge Construction Site for 3rd Semester students on 27th June 2018. The main objective of the industrial visit was: To understand Various structural Components and processing of RMC plant. To understand Different Work Like Retaining wall, Foundation Work, Masonry Work, Bridge components etc.

Industrial Visit

Mechanical Engineering Department organized Industrial Visit at Renewable energy institute Dantiwada, Gujarat for 7th Semester students on 28th June 2018. The main objective of the industrial visit was: To get a real time experience and knowledge of various working project and equipments related to agriculture machinery. Biogas plant and its application, solar panel and its utilization.
