June 2021– September-2021

Expert Lecture

Experts are the individual who have achieved the mastery in their field after going through so many ups and downs in their life. So, in order to showcase our students what an individual have to go through to be expert of his/her area, expert lectures have been frequently organized to enrich the students with the knowledge in their respective subjects and to provide them latest sufficient information related to technical field.

INDUSTRIAL VISIT

In order to match up the theoretical knowledge with its practical application, for students of each semester and each branch industrial visits are arranged on a regular basis. These industrial visits are important to broaden the minds of budding engineers and develop interest in their subjects.

WORKSHOPS

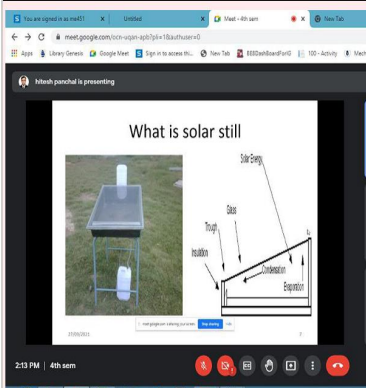

Regular workshops are arranged in each branch and in every semester so that students and faculties of respective department remain abreast with the latest trends of their fields. These workshops are made free of cost and are totally funded by the institute. Such workshops provide an exposure and hands on experience of the prevailing cut-edge technologies.

FIELD TRAINING

Field training is an important part for any students as it provides an amazing opportunity to apply skills that students have learnt in their studies. Keeping in mind the importance of it, such field training are arranged every year for students on a regular basis.

INTERNSHIPS

An internship is a professional learning experience that offers meaningful, practical work related to a student’s field of study or career interest. Keeping this in mind, every year final and pre-final year students of each branch are sent for internships in reputed organizations. It helps students the opportunity for career exploration and development, and to learn new skills.

Teachers Day 06-09-2021

"Teachers are considered as pillars of any country". To give tribute to Dr. Sarvepalli Radhakrishnan, a renowned teacher, former Indian President, we as family of SRPEC celebrated Teachers Day on 5th September, 2021. On that particular day, students of each department i.e. (Civil, Mechanical & Computer) were given the charge of whole sole responsibility of college right from teaching to different duties that we encounter in daily college routine. A team of professors were allotted to evaluate the performance of students. The day started with daily morning prayer and ended with facilitating students with awards based on their performance in the class.

COVID Vaccination Drive 09-09-2021

In order to keep our small family of SRPEC and keeping in mind the importance of taking vaccine, a vaccination camp of 1-day was arranged by the management of SRPEC, Unjha with full support and cooperation from department of health and family affairs of Gujarat Government. During that vaccination drive, 48 students, 12 staff members were given Covishield as vaccine 1st & 2nd doses as per their vaccination schedule. Later on they were asked to follow the suggestions as per doctor's advice.

Ganesh Chaturthi 10-09-2021

In order to let our students stay rooted to our Indian culture, Ganesh chaturthi was celebrated on 10th September 2021. It was a 7 day festival. During these days our day will start and end with aarti of Ganesh ji. On 7th days, traditionally dressed SRPEC students and staff with 'Fhetas' participated in Ganapati immersion rally. In the sound of 'Dhol' and 'Taasha' SEPEC immersed its Ganesh idol.

Engineers Day 15-09-21

"Engineering is considered as the closest things to magic that exist in the world". To showcase that magic and importance of engineers in today's world, DFCCIL, Dy. Chief Project Manager, Ahmedabad zone, Mr. Sampat Lohar was invited on occasion of Engineer's day i.e. 15th September 2021. The session involved each and every individual of SRPEC family and the session was full of knowledge, energy and enthusiasm.

RAMZAT 25-09-21
