About the symposium...

Summary

A 8th National Level Technical Symposium entitled “Prakrusht-2018” was conducted on 16th February, 2018. The organization and management was especially creditable. Other than the traditional crowd-pulling events, Prakrusht-2018 boasted of many new initiatives and interactive events. The effort that had been put by staff members, management and students was truly praiseworthy.

The aim of competitions & events at Prakrusht—2018 has been to cater to all genres of engineering and technology. This was ensured by having competitions like a maze, robo race, aqua robo, robo soccer, creo modelling, automania, earthen dam, civil o’ tress, smart-villyplan, web class, dark coder,

relay master, crack your way, lan arena, knock knock, where am i .?, close the deal, model presentation. All the events, like always, saw a huge turnout both in terms of enthusiastic participants and an exuberant audience. It was also strategic in getting hold of a floating crowd and ensuring huge numbers for any announcements/news etc. Almost everyone who attended Prakrusht-2018 would agree that Lecture Series was indeed its highest point.

Objective

The main objective of the Prakrusht-2018 was to bring all the students of engineering together by various types of competitive events. It will help to encourage the students and perk up of technical and edifice skills of the engineering students.
