Smt. S. R. Patel Engineering College- unjha has SSIP Cell which works under the venture of Govt. of Gujarat. The main aim to establish the SSIP Cell is to Develop student centric Innovation and Pre-incubation Ecosystem for Students, Creating environment for creativity to flourish and an end-to-end support system in education.

About SSIP Cell

Government of Gujarat has developed a policy for providing assistance to Startups/ Innovation. Under this scheme, any individual/ group of individuals having innovative idea/ Concept will be eligible and/ or Universities/ education institutions, Incubation Centre/ PSUs/ R&D Institutions/ Private and other establishments will be eligible as an institution to support and mentor to innovators as approved by Committee.

Evaluation of Project Proposal:

Total 12 different innovative presentation evaluated by external & internal experts and according to the future need the grant will allocate to the group of students under the Govt. of Gujarat SSIP Cell. The evaluator analyze the applications on the basis of genuineness, social impact and potential of conversion to product, feasible solution with respect to resources. Furthermore application will be judged on the value addition to the innovation, unique selling points, core competency, patent possibilities, domain knowledge, literature study, team strength, integrity and dedication. The last condition is that, if the proposal obtaining minimum 50 marks shall be recommended for SSIP grant and support.
